

RenoSan® „RenoSan® 333“

A product against unpleasant odour emissions. A universal biological culture medium for reduction of odour emissions.

Characteristics

- Neutralization of odour emissions
- Adsorption of odour emissions
- Universal, biological culture medium: activating, stabilizing, regenerating
- Immediately promotes deduction of organic solid matter
- Prevents from deposition in sewage water, grey water and faeces collecting tanks

Fields of application

- Sewage water, grey water and faeces collecting tanks.
- Toilets in caravans and trailers
- Camping-, cassette and bio-toilets
- Toilet systems and cabins
- Toilets in buses, planes, trains, tourist ships, house-,cabin and sports boats etc.
- Canalization systems
- Discharge pipe systems
- Discharge troughs

Application advantages

- Natural occurring ingredients biologically prevent from formation of unpleasant smells.
- RenoSan® activates enhancing micro-organisms that help to avoid decomposition and thus odour emissions.
- RenoSan® - your decision for an environment-friendly solution.

Dosage

- Sewage water tank 15 ml/10 l-tank volume
- Grey water tank 15 ml/10 l-tank volume
- Faeces tank 25 ml/10 l-tank volume

General information

RenoSan® is used in industrial and communal sewage treatment plants, pipeline systems and canalisation against unpleasant odour emissions. Due to the special effect of a culture medium, RenoSan® products eliminate / avoid of odour emissions. Additionally they optimize the biological yield of a sewage treatment plant (deduction of organic substances)..

RenoSan[®] „RenoSan[®] 333“

Agent I	algae derivatives
Agent II	polysaccharides
Agent III	plant extracts
Dry Solid Matter	< 1 %
Form	liquid / paste
Colour	beige
Conduct to Water	soluble
pH-Area	< 7,5 >
Density (20°C)	1,02
Security Data	see security data sheet 91/155/EWG and 1999/45/EG
Health and Security	For detailed information on handling or restriction, please see our security data sheet.
Dose Concentration	pure
Date of Maturity	1 year
Packaging	Bottle of 1 l 10 l pail
Packaging Unit	12 x 1 l / carton of 12 l 1 x 10 l / carton of 10 l
Storage	frost-free, protect from sun
